"With or without this other woman..." - "I can get my Son to College." - "Then I can trust it." - Out of Order...
thus, as it is something I can trust as-well..... there is a child.* I woke up a Father today. He has a brother.

Thus A.{B|C}.-C, in A-|D and D-|{B.-C} implicates B or C - that of A., is then and/or..... with A, not .-A.

Thus, existent, from it's predicate.

Given my-testimony at (@) four (4), for which was determinant - then to six (6), upon a jurisprudence, for in Divorce, it is satisfied that one-delegation is mitigated of a reclaimed objective, when *as-such*, upon preliminary notice, I am void of the court in proceeding, - then incremental, to-which it is juris pro said, dictum an allowable entreatment at a prudential formentionable. That of either a life or a contrast, forbid(s) I had not been allocable of motive to defaulted conditional, of it's prudence upon the persuasive element of another(s) testifiable truth, - then that they had been laint the remainder of a recourse to given, and presented honesty, in persuasion to a remainder of remark upon oath, that these contributory element(s) suggest, so that as in either a *Father is departed, it is knowable I am now married.

I did not know this, - therefore Ava is real, despite the delegatory conditional assumptive of a plead oath to preliminary contributory and recriminational devotion, from which in-either, another is formative of the plea to know thyself, from whom, in what, is their(s), and a wed declaration of it's peaceable assembly upon instrument of Law. 9:18

*Either I know Ava, or we are Wed, in-either, she know's me.

In-either, the motion to-self suggestively *prioritizes*. That of in-either what is a *quoted* truth of it's perspecacity, when, as such, the 'partner' is disassociable, and then, *associated*, of the self - in the 'condition' of a perponderance, incremental, disparative, and apportionate *aim*.

Thereby, in-either, I had afforded in either a risk at life-or-death to Obama, and taxed, the honest-return in my juris pro-bono. The release, to which in-knowable [and reclaimed vantage] I would *so-know* of a provided *life*.

This is immutable, and *new, not, an invention, and is my manner of heroism. His life, had surpassed all expectation, and I had *passed on*, from *thence*, to know of one whom I-loved, and loved *honestly*, all provided **people claimable**.

I was known, then in each, and we knew of them, for *whom*, *trustworthily*, either had known one *Uncommital, *that knew-either*. Then, that she* knew-me.
