I just reached enlightenment.

Frank, and truthful conversativeness, may 'additively' produce trust, but loyalty, is common determinant upon choice, to interpret the manner of it's expression, in then when as such we adhere in coming upon ourselves unto yet another and *of their(s)*, in-whom we may avow, or *have*, of what in a likeness is provided of the genuine attribute for effectual dialog and formation, of what we will be in-becoming, *however kind*. It may be a lie, or persuasively untrue, \*we are to determine the manner by which another avow(s) therefrom in of what we have honesty intended and kept at the honesty and truth of whom we relate to - *in whom of what is another reflectivity in as they naturally portray they are*.
